Move By Consolidated Gas Co. Presages the Consummation of the Consolidation Deal.

A move by the Consolidated Gas Company, made yesterday, is believed in Wall Street to presage the prompt consummation of the coming consolidation of all the gas companies of New York. This was an application to the Stock Exchange to list the balance of its authorized capital stock. This company purposes to give to its stock-holders the profits of the company which have accumulated before entering into any consolidation with other companies. By issuing the last of its treasury stock and obtaining cash for it the company will be in a position to do this.

J. Pierpont Morgan will return from Europe next week, when the New Amsterdam gas syndicate will be enlarged and the amalgamation of the Equitable and New York & East River companies completed.
